### SPECIAL WRIST TAB DESIGNS

Novatek Medical, Inc. has worked with hospitals on **SPECIAL DESIGNS** to meet special hospital needs.

These labels are manufactured in a **MINIMUM RUN OF APPROXIMATELY 4,000** or **ONE YEAR'S USE**.

(If the need is to use a specific color only, each series of 4,000 would have a small number. Refer to ankle/wrist label.)

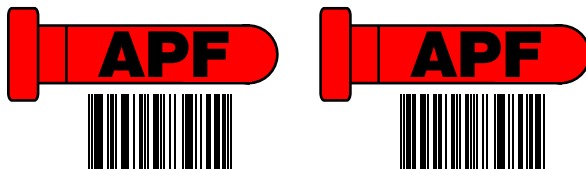

The original order may take six to eight weeks **AFTER FINAL SIGN-OFF APPROVAL** for design and manufacture completion.
